HOG INTERNATIONAL ACADEMY

"In my years of dedication to the field of education both in Thailand and internationally, seldom have I seen an institution that parallels the commitment and innovation of HOG International Academy. Their curriculum uniquely combines rigorous academics with technological innovation, fostering an environment that not only instructs but inspires. This commitment to forward-thinking education ensures the next generation will be well equipped to take the reins of leadership in the 21st century."

Prof. Worsak Kanok-Nukulchai, Ph.D. (UC Berkeley)
Executive Director
Chulalongkorn School of Integrated Innovation
Chairperson of the Academic Council of Trustees
HOG International Academy

"HOG International Academy's dedication to holistic education is highly commendable. It seamlessly integrates academic subjects with essential life skills, and the addition of technology promotes a dynamic, interactive learning environment. Moreover, its commitment to promoting international understanding and cultural exchange sets a high standard for other institutions. HOG is truly an educational gem in Thailand."

Chalam Attatham
Former Secretary-General of the Office of Private Education
Chairperson of the Board of Management
HOG International Academy

Traditional education no longer responds to the disruptive and rapidly changing world. HOG International Academy opens door to new horizons of education, leaving behind outdated disciplines, and equipping students with the ability to deal with the challenging future. Break boundaries and move forward faster, stronger and more effectively.

Welcome to HOG International Academy.
Your bright future, today.

01

WHAT IS

HOG International Academy?

HOG International Academy offers a fast and robust educational program that allows students to complete high-school education in 18 months. The program covers necessary core subjects and university admission requirements, plus innovative subjects and important life skills specially designed for 21st century leaders in an ever-changing world revolutionized by AI.

02

WHY CHOOSE

HOG International Academy?

- High school graduation within 18 months
- Qualification endorsed by the Ministry of Education
- Affordable and reasonable tuition fee
- Curriculum especially designed for new gen
- Innovative teaching methodologies & strategies
- Credit transfer to partner universities
- Interactions with ASEAN youth

“HIGH SCHOOL EXPRESS: PRE-UNIVERSITY & BEYOND”

03 EMBRACING

ASEAN Diversity / Interactions with ASEAN youths

HOG International Academy takes pride in its diverse student body, embracing learners from across ASEAN. We recognise the unique cultural richness each ASEAN country brings and we strive to foster an environment that encourages intercultural understanding, global perspectives, and international friendships.

In our curriculum, the subject of ASEAN Culture and Civilisation fosters an appreciation for the diverse heritage within the ASEAN region. Students learn about the history, traditions, and socio-economic landscapes of the various ASEAN countries, enhancing their global awareness and promoting a sense of regional identity.

- Foster good relationships and enhance better understanding among students from ASEAN countries

- An aim to enroll about 30-40% students from ASEAN countries through connections with partner universities

- Build connections among ASEAN youths who have potential to become future leaders

HOG INTERNATIONAL ACADEMY

04 Duration of Study

The HOG program of study comprises two 9-month semesters, enabling students to graduate high school within 18 months. The credit transfer from innovative subjects to partner universities can help either shorten the period of study at the university level or give students an opportunity to pursue their other interests.

COMPLETE HIGH SCHOOL & UNDERGRADUATE DEGREE WITHIN 4.5-5 YEARS

05

UNIVERSITY PARTNERSHIPS

The initiatives of HOG International Academy, well recognised by universities in Thailand and abroad, has established partnerships with leading universities. The collaborations include quota admission, credit transfer, faculty exchange and scientific laboratory training. The special quota admission scheme ensures admission to our partner universities.

Our Innovative Curriculum : Future-Focused Learning

Our curriculum is designed in accordance with the demands of the 21st century, introducing more relevant, forward-thinking disciplines as well as AI literacy. The curriculum together with innovative teaching methodologies & strategies emphasizes critical thinking, problem-solving, digital literacy, project-based learning, hands-on experience & workshops, startup projects, applications of AI technologies as well as study trips, all focusing on preparation for university education.

INNOVATIVE TEACHING METHODOLOGIES & STRATEGIES

CRITICAL THINKING

PROBLEM SOLVING

PROJECT - BASED EXPERIENTIAL LEARNING

HANDS - ON EXPERIENCE & WORKSHOPS

APPLICATIONS OF AI TECHNOLOGIES

STUDY TRIPS

Learn from university lecturers, industry experts, and business professionals

Our curriculum comprises core compulsory subjects which include Mathematics, Science, English, Social Studies, IELTS and SAT test preparation, and soft skills. Students are able to choose either Plan-A: Innovative program if they wish to pursue their studies in business or Plan-B: Medical or Engineering program for those who aim to continue their education in professional studies.

Core Compulsory Subjects

CORE	IELTS	SAT	SOFT SKILLS
· Mathematics · Science · English · Social Studies	· Listening · Speaking · Reading · Writing	· Critical Reading · Writing & Language · Mathematics	· Leadership · Discover the Circular Economy · Design Thinking · Health and Wellness Management · ASEAN Culture & Civilisation

PLAN-A:
INNOVATIVE PROGRAM

With an aim to equip students with the skills needed to navigate the challenges of the modern world, the innovative Plan-A program consists of three related fields of study: business, design and innovation, and AI/ Digital Technologies, taught by university lecturers as well as industry and business professionals.

INNOVATION

Business

- Entrepreneurship
- Personal Financial Planning and Wealth Management
- Digital Marketing

Design and Innovation

- Digital Media
- Creative & Innovation
- Visualizing and Creative Storytelling and Portfolio

AI/ Digital Technologies

- Data Analytic & Advanced Excel
- UI/UX Design in Technology
- Application Design and Coding
- Fundamentals of Internet of Things and Automation Technology
- Digital / AI Literacy

Elective Subject

- Advanced Mathematics

PLAN-B: PROFESSIONAL PROGRAM

The Plan-B: Professional Program offers two more scientific concentration areas, one in a Medical program and another in Engineering, either of which students will concentrate on their focused study and preparation for research and projects. The program gives an opportunity for students to choose any elective subjects in AI/ Digital Technologies.

Medical Program

- Advanced Mathematics
- Biology
- Chemistry
- Physics
- UCAT
- Research and Portfolio

Engineering Program

- Advanced Mathematics
- Physics
- Chemistry
- Biology

Elective Subjects

AI/ Digital Technologies

- Data Analytic & Advanced Excel
- UI/UX Design in Technology
- Application Design and Coding
- Fundamentals of Internet of Things and Automation Technology
- Digital / AI Literacy

07

EXTRACURRICULAR ACTIVITIES

HOG provides extracurricular activities fully aligned with current trends and sentiments. Students can choose from Summer Abroad Program, Personality Development Camp, Acting, Singing and Dancing, Environmental Awareness Campaigns for Climate Change, as well as Urban Organic Farming in accordance with their passions and interests.

- Summer Abroad Program
- Personality Development Camp
- Environmental Awareness Campaigns for Climate Change
- Urban Organic Farming
- Acting, Singing and Dancing

FACULTY

08

OUR FACULTY

To achieve academic excellence, HOG is committed to providing highly qualified university lecturers, experienced professionals, and industry specialists, who bring a unique blend of academic expertise and real-world insights. They are not just instructors but mentors and guides, creating engaging learning experiences through cutting-edge technology. Apart from faculty members, HOG also provides coaches and facilitators to help enhance students' learning potentiality.

09

EVALUATION AND QUALIFICATIONS

After completion of our high school curriculum which covers extensive learning, students will be well equipped with the ability to pass GED, IELTS and SAT tests. They will obtain high school equivalency diplomas endorsed by the RTG Ministry of Education.

10 Our Innovative Learning Spaces

HOG provides a learning environment in a variety of innovative learning spaces to enhance students' creativity and respond to our innovative curriculum. Every corner of HOG can be learning spaces among students, instructors, facilitators and coaches. These spaces are dynamic environments that stimulate inventiveness, promote collaboration, and foster active engagement.

Eligible students can apply on-site at the school or online through our website.

ON-SITE **ONLINE**

13 FAQs

How long is the HOG Program of Study?

The program is 18 months long.

What will you acquire from HOG International Academy?

Our students graduate with internationally recognised high-school equivalent certificates, critical life skills, and potential university credits.

Can students earn university credits through the HOG Program of Study?

Yes, students can earn transferable credits recognised by our partnered universities in Thailand and abroad.

Why choose HOG International Academy — High School Express?

For the quality of education, accelerated completion, affordable and reasonable tuition and fees, international recognition, and robust curriculum.

How to apply for a Thailand Visa as a foreign student?

You can apply for a Non-Immigrant Education Visa (ED) from the nearest Thai Embassy or Consulate. The school will provide necessary documentation for the application if requirements are met. We also assist students in finding suitable accommodation. Our student services team guides students through various options, including dormitories and approved off-campus housing, to ensure comfortable and affordable living arrangements.

How can HOG International Academy provide students with a military training programme (for Thai nationals)?

We collaborate with local authorities to ensure our students fulfil their military training requirements.
